January 1, 1934.

Dear Flower Grower:

In keeping with the times, we are again submitting a list of high grade Roll of Honor and best cutflower Dahlias, at the lowest net price possible. They are not retail or wholesale prices, but just the price to enable the real dahlia lover to obtain the same types, as their rich neighbors might have. Our old customers appreciate our way of doing business as their unsolicited letters attest.

We grow only from tubers and do not propagate from any, or force for extra large blooms, for Show purposes. We sell no green plants. All orders are certified by the U. S. Agriculture Dept. Inspector.

We guarantee tubers, true to name, and deliver in good condition good healthy tubers, with live eye or sprout and will replace any tuber, returned to us, if not sprouted 3 weeks after planting. We cannot be responsible for rot of tuber in ground owing to wet season.

Next Fall, at digging time, we shall offer some surplus stock of clumps, at reasonable prices, but do not advise any one to buy clumps unless they have good storage facilities, as purchaser assumes risk of wintering them over.

Our terms are: Cash with order, Check, M. O., Stamps accepted, any denomination, up to \$3.00.

Orders well packed and postpaid. Minimum order \$1.00.

Shipment any time after March 1st, but would advise not to have them sent until ready for planting.

Place your order early as stock is limited.

Thanking you for your past patronage,

Yours very truly,

ROBERT F. HAUSSENER.
